

Make Disability Eligibility Easier to Navigate

**Better for
Members.
Valuable for
Plans.**

Using predictive analytics, Centauri identifies members with a high probability of eligibility for Supplemental Security Income (SSI) and Social Security Disability Insurance (SSDI) and supports them through the complex process, from screening and application through appeals and ongoing eligibility. The result is a more supported member journey, stronger coverage continuity, and greater value from disability eligibility programs.

End-to-End Support Throughout the Eligibility Journey

Centauri stays with the member throughout the process, helping convert an identified opportunity into successful enrollment and supporting continued eligibility.

Eligibility Screening

Using clinical, financial, and eligibility signals resources can be focused where they are most likely to matter.

Application & Appeals Support

Guide members through application, representation, and appeals.

Ongoing Retention Support

Support ongoing redetermination and recertification, including Medicaid Spend Down and Deductible pathways.

Technology identifies the opportunity.
Advocacy helps the member through it.
