

## Best Benefits Revenue Maximization

Centauri is the partner of choice for health plans implementing a revenue maximization solution for Medicaid Managed Care  
Providing Unmatched Health Plan and Member ROI

Based on the Social Security Administration's  
14 body system of adult disability and 15 pediatric disability criteria

### Member Identification

Industry-leading predictive analytics identifies and locates disabled plan members and dependents

### Application Assistance

Our associates focus on empathy and personal privacy when completing assessments that enable eligible members to apply for SSI/SSDI

### Representation & Reconciliation

Specialists represent members before SSA & perform reconciliation of the rate change to the payment file

### SDoH

High Need Members can receive assistance with non-medical community benefits

### Key Competitive Differentiators

- Proprietary rules-based and Machine Learning predictive models to identify potentially disabled members
- Best-in-class results based on integrated analytics and expert workflow systems combined with compassionate service
- Platform interfaces with many regional social security offices, optimizing submissions
- Significant value created (typically \$400 - \$1,000 PMPM) for converting a member to SSI, improving bottom line and value to the member
- Unblemished track record on compliance

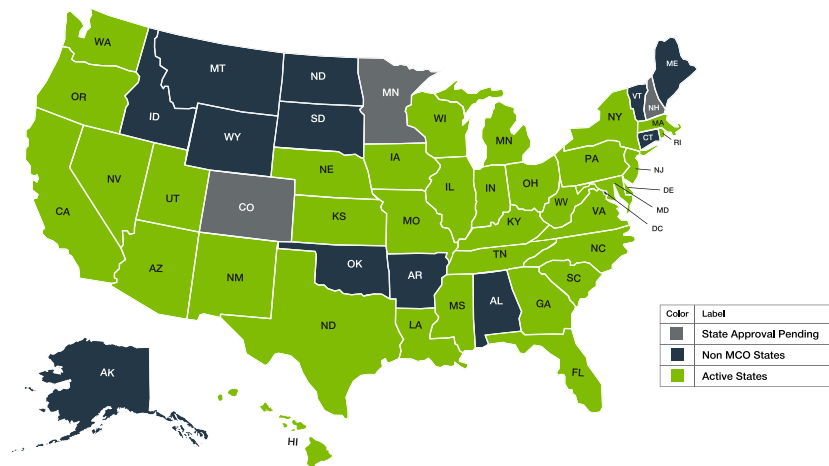

## Experience

- Successful approval of more than 77,037 health plan members in disability programs
- More than 32 million members served
- Working with more than 95% of all Medicaid plans
- Comprehensive and integrated reporting
- HITRUST Certified

## Best Benefits Results

- Increased members' household income by \$901 million annually
- Gross incremental health plan revenue of more than \$934 Million
- Gross cost of care savings for SSDI of more than \$225 million
- Total health plan value delivered \$1.2 billion
